No. 36, October, 1931 THE TRAIL Edmonton, Alberta

EDITORIAL

Four years ago "The Trail" published its first directory issue. That issue contained close to thirteen hundred names and was as complete as a careful study of the University and Alumni records could make it.

It was hoped at the time that it would prove of value to graduates, not only to settle those conversational disagreements that sometimes arise when old times are being recalled, as to just when, for instance, so-and-as graduated, but also to provide the means for long lost friends to make epistolary contact once again.

That it achieved these noble ends has been abundantly demonstrated in the intervening years and the editorial staff offers no apologies for renewing the venture in this issue.

So marked indeed seem to be the migratory habits of our Alumni that in the short space of four years the directory of 1927 has rapidly grown obsolete as far as addresses are concerned and the addition of nearly twelve hundred new members makes its revision not only desirable but imperative.

Our genial secretary, on whom, as usual, the main burden of compilation has fallen, can be trusted to do a good job. He hopes there are no omissions. He knows there are some wrong addresses. In many cases it has been necessary to give the home address in lieu of more accurate information regarding the whereabouts of the graduate concerned.

We offer it to you for your present use and future reference and request that corrections of any errors be promptly sent to the secretary.

CAMPUS CHATTER

Despite the severe setback that the Varsity senior football squad received from the Eskimos in the first senior match, there is no reason to despair of the Hardy Cup. Allowances must always be made for the fact that it was Varsity's initial game, and that the Esks had not only a previous encounter with the Calgary Tigers, but also a full two weeks' more training than had the Varsity. Bud Morgan, the versatile coach of the green and gold squad, feels that after some of the raw hands that are playing this year get the feel of things, that there will be a noticeable difference in the results. The holes that were left in the line by the graduation of Ken Thompson and "Dud" Menzies, and the absence of some of last year's backfield stars need in no way make the 1931 squad inferior to the machines of the past. In fact, the Varsity backfield is this year possibly the fastest that has been seen on the campus for a long time. Frank Richards, speed king de luxe, is holding down one of the places, and Mickey Timothy, whose reputation stands for itself, is in another. With these two speedsters, things should be made pretty warm for Manitoba and Saskatchewan.

The track team leaves Edmonton to arrive in Winnipeg on Oct. 12, which is the day set for the Intercollegiate track meet. The men's team is practically as strong as ever, and while the women feel strongly the loss of such stars as Vada McMahon and Ethel Barnett, the captain of the women's team, Josie Kopta, is con-

fident that the successors will be worthy ones.

Hockey enthusiasts will be glad to know that the far famed "Dooley" Ross will again be in the nets for the Varsity hockey team this winter. It is with some small degree of apprehension that we hear the rumor that Johnny Dorsey and Bill Montgomery are playing for the Superiors this winter. The combination of two such sharpshooters as Dorsey and Graham should prove almost too much for any opposing team to cope with, but the Freshman hockey talent has yet to be exploited, and it may be that an even stronger forward line than last year will be in action this season.

It is interesting to note that this fall soccer will come into its own on the campus. A team has been entered into the Dragoon cup series, and if they do as well as they hope to, Intercollegiate soccer will in all probability be inaugurated.

For the first time in history a golf tournament has been organized at Varsity. The qualifying round was played on Sunday, Oct 4, Vic Gowan turning in the medal score for eighteen holes of 81. Two flights are in the progress of completion, and it is fully expected that this sport of sports will take a firm footing on our campus.

[Editor's Note: Owing to a delay in going to press, we are able to give the following results in recent sport events.]

THIS AND THAT.

I am glad to have the opportunity of using this last page for the mention of several things. First of all, in regard to the directory the Editor says "He knows there are some wrong addresses." I should like to make it clear that no wrong address has been purposely set down. However, my experience leads me to believe that in many cases this magazine will be delivered at an address which the particular alumnus or alumna left long ago. Only yesterday the Department of Extension gave me the names of eighteen people whose "Press Bulletin" had been returned, marked "removed" or "left". I do not begrudge time and effort spent on alumni records, but one cannot make bricks without straw. So if you say to me, "You

ought to have known that So-and-So is at Such-and-Such" I shall probably retort: "I don't recall hearing from you about it!"

The only branch in which I have noted any activity so far this autumn is the local one. I have been asked to announce that the Edmonton Branch will again sponsor a ball on November 27th. It is hoped the place will be Athabaska Hall; if you live here and do not receive some intimation of the winter's program, I suggest a message to the secretary, Mrs. Roy Kay, '21, or the president, Mack McColl, '22.

* * *

We are not printing the name of officers in this issue, for the sake of economy. It is hoped that a complete list will be available in December. Meanwhile here are some interested alumni with whom residents of the cities mentioned may communicate:—Calgary: Bob Mitchell, '25, '27; Lethbridge: Tom Hamilton, '30; Montreal: Dunc McNeill, '25; Vancouver: Stan Barker, '26; and Winnipeg: Walter Herbert, '23, '26. New members in these places should "join up" at once, not to mention the older ones who have yet to put in their licks.

* * *

The advertisements in this issue result from the earnest work of the president of the association and the editor. Nearly everywhere they encountered the question, "Will an ad in The Trail bring me business or is it merely charity?" Now most of us use the articles advertised in this issue, but rarely do we say anything about it to the merchants who assist our work. How about this, Edmonton alumni — the next time you're patronising an advertiser, at least tell him you saw his ad in The Trail. It won't greatly lower your dignity and it *will* help The Trail a lot.

* * *

I'm all set for kicks, complaints and even bouquets—but please soften the blow with something I can hand on to Mo Kellam for the bank account.

Yours,

GEOFF.
